Halloween Gifts for Kids: 10 Ways To Dress Up As a Baby Or Clown If you're expecting, or are a parent of a little one, Halloween is the perfect opportunity to get in touch with your fun side and also prepare yourself for the holidays that are about to arrive. When I was little I really enjoyed dressing up as a princess on Halloween. I loved the dress and costume parties and I thought it was a great excuse to get a little makeover, have some fun with friends and family and learn a little about myself in the process. However, for a child growing up in the 21st century there really isn't much reason to dress up. We are never really up against a schoolmate for popularity, so we can simply rely on our friends or family to judge us by our costumes. Let's face it: we can't be a princess at Halloween, and a clown is just a toy, or a nightmare. Well, at least not the kid-friendly kind.

1. Build a Creature You could use this as a base to create just about any creature you can imagine. Build a monster out of your clothes or scrap pieces of trash you already have lying around.
2. Dress as a Princess There are loads of gorgeous gowns and outfits for women that would make a perfect princess costume. Build a ball gown or hunt down a fancy dress.
3. Be a Troll For the daring among you, there is nothing quite as fun as wearing a huge, scary Troll costume. You could check out the Halloween shop at a local store or do some online shopping.
4. Be a Baby If you have a small one, this is also an easy costume to put together. Just throw on your baby clothes (you'd get a huge thank-you later), stock up on baby food in the shape of various heads and apply some fake blood.
5. Dress as a Pirate Of course pirates never actually wore a diaper, so the basic idea is to wear the clothes you normally would and apply a grotesque face. The best way to do this would be to get some fake blood and paint it on your face, then apply it with cotton balls. It'll make you look a bit scary, but you'll still probably look like a pirate.
6. Go as a Villain This one takes a little more effort, but it's certainly worth it. If you have a couple of 5th 82138339de
